The Players: The 10 Planets

Part One: The Lead Roles

The Sun

The Sun is the center of our solar system. It generously shares its radiance with the other planets. In Astrology, the Sun is the heart of the chart. It points to ways that your relationship needs to confidently shine. Keep the fires of your Sun burning brightly and proudly together. Love will follow. Happiness will fill your minds, bodies and souls. The Sun stands for ego needs, will power and creative vitality.

Forget your own Sun signs for the moment, Angelina and Brad.

Your shared Sun sign could be different than your individual Sun signs. Remember that we are talking about your combined Sun. It is the fusion of your two hearts.

Sun in Pisces

A Sign is a psychological process through which a planet operates. As a couple, being solarized through the sign Pisces gives your relationship a large dose of romanticism and idealism. The keyword phrase for Pisces in traditional astrology is "I believe." There can be unlimited faith in one another. You may intuitively understand each other. Both of you might easily encourage and appreciate the romantic sides of one another.

There can be an admiration shown for each other's beliefs. Sharing your highest ideals deepens your closeness. Creativity may leap out at you in this relationship! A shared love for aesthetics and nature scenes encourages intimacy. Supporting each other's dreams can build trust. Escape from the stresses of everyday life could be of importance to each of you.

There may be few walls separating your subconscious minds. Learn to enjoy each other's self-discoveries. A shared belief in intuitive forces can make both of you great watchers of life. There is the possibility each of you feels you have found your soul mate. Your meeting one another may have seemed magical or destined.

One or both of you may know certain events before they occur. Expressing your compassion and empathy teaches you to love each other.

Your paths may often dance together. There will be times when you will dance alone. Whether doing a solo performance, or operating as a duet, the emotional distance that separates you is not great.

Do not forget to talk to each other! Don't assume your partner can read your mind or mood. There can be false assumptions about each other. Clear communication blended with intuition can maintain balance.

Divine discontent may drive you to find excessive flaws in one another. Realize there are no perfect people. It is okay to question actions that hurt you. Keep criticism within reason. Avoid standards for self and each other that are impossible to reach.

You need not tip toe around one another. Be more direct than too passive in your communication. It will ensure putting your mutual dreams into motion. Talking gives each of you more of a sense of being grounded and focused. Dependency needs need to be balanced. Rejoice in the emotional and physical well being promoted by realistic expectations of each other. Denying issues or problems does not make them magically disappear. See your partner as a real person rather than an idealized version. Mixing some reality with idealism brings harmony.

Learn to share your highest values. Time spent together at romantic places fosters intimacy. Allowing each other to pursue individual paths makes being together that much more fulfilling.

Your creative vitality inspires a search for unity and peace. Working productively as a team gives you the confidence to face one challenge after another. You will not always understand your partner's world. Enjoy the happiness in watching each other grow. Celebrate those special shared milestones.

Sun in the Sixth House

The two of you are not afraid to roll up your sleeves to get a job done. Working together can encourage a team spirit. Following through on your mutual plans brings trust. You tend to respect people able to put their ideals and ideas into practice. The two of you learn faster through practical experience, rather than by theory alone. You don't like to waste time or money--do you?

You can put your skills together into quite a resourceful package. You may teach one another ways to perfect talents. Don't be surprised if you lead your partner into new areas of expertise.

A shared sense of dedication to a cause or mission can deepen your relationship. Diet and health are probably areas of mutual concern. There might be interest in the healing arts, whether this is traditional or an alternative field. Exercising together might be a favorite pastime.

Don't compulsively focus on the imperfections you notice in each other, as this will be frustrating. It is important to stay away from over analyzing your relationship. You bring out an awareness for details in each other. Put this energy to constructive use.

Your business sense is great. You can offer each other good career advice. Exchanging ideas regarding work could be mutually beneficial. Show an eagerness to learn from each other.

You both can get too caught up in work. Serving different organizations can be rewarding. Make time to relax. Plan your romantic escapes to make sure they happen.

Your relationship thrives on being well organized. You like some routine to keep you from becoming scattered. Do something different on short notice to keep life exciting.

The Moon

Countless song lyrics, poems and lofty dreams have been inspired through gazing at

the Moon. The Moon's sign and house position represents the intimacy and feelings you share with each other. Establishing a sense of security and a home are other lunar sides of life. The Moon symbolizes the imagination you share from your inner landscapes.

Moon in Pisces

With your relationship lunarized through the sign Pisces, there are oceans of idealism. Your minds are linked by a continuous flow of creative symbols. Your ability to read the faces and moods of one another is exceptional. You might have felt drawn together by mysterious forces or circumstances.

Shared spiritual beliefs can foster intimacy. You look for unconditional emotional support from each other. Your subconscious energies can seem like they are merged. You may have to disengage from each other's presence at times to stay grounded. There is a natural scent of romantic love in your closeness. People might refer to you as a couple with no problems, though you will not always be inclined to agree.

There is strong individual and shared aesthetic appreciation and maybe ability associated with it. Creative expression could be a hallmark of your partnership. An intuitive grasp of the intangible is at your fingertips.

Dependency needs remain in balance with faith in each other's individuality. You can't save your partner from feeling pain or frustration. You can be there to listen and offer refreshing insights.

The home can be a place in which to escape for you both. The trickling of a flowing fountain or the beauty of colorful pictures captures your need to feel unity. Your tastes in art or music will probably be easily visible to visitors. Your residence can be a consciousness-raising experience for some people. It is where your shared dreams and visions swim freely and happily. Living near water can be satisfying.

Divine discontent can be irritating. Keep expectations for each other realistic. This makes for less tension. Avoiding responsibility or commitment will lead to emotional distance. Believe in your ability to talk openly about issues.

Let your imaginations guide you to dance creatively together. Embracing each other's highest ideals opens the door to mutual acceptance. Your faith in one another can be the confirming force that pushes you to new growth.

Moon in the Fifth House

You can be very supportive of each other's creative needs. There is an urge to move forward with enthusiasm. Financial and property investments can bring lucrative returns. The two of you like to do things in a big way. Showering one another with gifts is delightful.

Your partnership may be highlighted with humor. Keep the romance alive through adventurous living. Playing it extremely safe does not fit this picture. There is a theatrical side to you both that sees the world as a place to act out your dreams. Go for it!

You are "show me" kinds of people that expect others to follow through on their

promises. Talk with no action behind it will not impress either of you. You would rather see somebody willing to take a risk than someone afraid to follow a hunch. There is pride in being together. Public recognition could come to either of you. Your relationship attracts attention. People in important positions will try to cultivate your support.

Your home is a dramatic representation of you both. It is a place from which you like to make a strong statement about yourselves. You can even be a bit lavish in buying possessions for your residence. You really need to be able to let your hair down at home. It is the springboard for much of your self-confidence. If you can afford to buy a getaway vacation place at the beach or in the mountains, you will probably do so.

A mutual determination to work through problems adds durability to your relationship. An appreciation for the individual right to be oneself is essential. Power struggles surface if you get too demanding. Sharing the spotlight keeps you from fighting for attention. It's nice to be told how important you are to one another.

Let your intuition lead you to rejoice in a lively romance. The birth of individual and joint creative ventures keeps your life spicy. Let one another experience feeling important in your own way and life together will be fulfilling.

The Ascendant

We are taking a short intermission from the planets to introduce you to an additional key part of your relationship. The Ascendant or Rising Sign is the sign that starts the 1st house of the chart. The Ascendant is one of the twelve signs with a special role serving as an ambassador. It acts as a persona or mask for an individual or a relationship. The Ascendant is the personality through which we interact with the world.

The Ascendant is the way we appear to others. It is their first impressions of us. You meet someone and he or she seems to be confident, shy, talkative, cheerful, etc. The same can be said for a couple. The two people might seem theatrical, dreamy, or businesslike.

Ascendant in Libra

People could see the two of you as diplomatic and outgoing types. Fairness through carefully weighing opposing viewpoints is a regular occurrence. A flair for dressing colorfully and in the right way for an occasion is typical of you. It is impressive how you manage to fulfill several social obligations and maintain a smooth way of interacting with others. You can feel like soul mates with a shared purpose. Entertainment tastes can be a particularly fun way of spending time together. You can help one another stay cool during all forms of emotional weather. Your calendar can get creative in making time for romantic atmospheres.

The Part of Fortune

Your Sun, Moon and Ascendant can be combined or blended into a cosmic alchemy, known as the Part of Fortune. This is not a planet, but rather a reference point in the chart. The Arabian astrologers of the Middle Ages are given credit for its discovery. The Part of Fortune is said to show where we can expect to find good fortune and even luck. Do we really need to take a look at something from the long ago past, if it will serve as

nothing more than a relic to hang on the wall? A translation of this ancient symbol into modern terms makes this symbol worth investigating. Why? Because it can give clues to special paths that lead to harmony and a spirit of feeling united.

Think of the Part of Fortune as the potential corridor leading to Opportunity. It is a way to read the pulse rate of the partnership, indicating ways to reach a shared sense of fulfillment.

Part of Fortune in Leo

Encourage each other to be creative. Your relationship can easily pave roads that bolster self-confidence. Show you are proud to be together. Play! Dance! Laugh! Taking a chance or two on a hunch can find you traveling adventurous highways. Life can be a shared joy of continuously falling in love. Your will power roars like a lion when you are truly engaged in passionate enterprises. The two of you experience good fortune through making courageous choices.

Part of Fortune in the Eleventh House

The future is often the world you adore. Your shared goals can knock on the doors that open to greater fulfillment. It is your desire for uplifting experiences that makes life interesting together. Too much of the same routine will drive you to vigorously want to change the present. Group involvements might prove to be a joint interest. Your inventive thoughts elevate one another's minds to look for greater opportunity. The shock of sudden change may be the driving force that takes you onto bigger and greater things. Stay open to new ideas, as this is a key to growth.

Part Two: The Supporting Cast

Mercury

Are you curious about the way the two of you communicate? In this section are Mercury's sign and house placements, showing some of your favorite communication tendencies. Mercury is referred to as the winged messenger in mythology, a networker for the gods. This very mental heavenly body represents an important link between your minds. It shows how you interpret what the other is saying. Mercury is connected to Perception. Astrologers consider Mercury the ruler of the conscious mind.

Mercury in Aries

Your mental energies move fast and furious. Assertiveness is not a hidden tendency. Your perceptions can be sharp though your actions might not always be well timed. There is an impatience to make things happen immediately. The two of you like people able to get to the point fast! There may be a swift decisiveness exhibited.

You don't mince words when it comes to talking to each other. Your communication

likely features a fast pace and is direct. One or both of you might sense that waiting to long to deal with a problem puts your nerves on edge. There is a desire to nip issues in the bud.

Putting your thoughts into action is an instinct. Try to reflect a little before embarking on major new challenges. It will be time saving to do so. You both need the individual freedom to express your leadership drives. An urge to satisfy your own unique curiosities about life is indicated. A perk in your being together is the stimulation of new thinking.

There will be times when you must just plain move through life spontaneously. It could be embarrassing to realize that with twenty-twenty hindsight you have the cart before the horse!

You need mental excitement to add spark to your partnership. New adventures keep your minds ready and alert.

Dull routines get you feeling down. You need to keep life interesting. Too many thoughts in the passing lane can lead to mental confusion. Slowing down the pace may be needed to keep you both on the same page. Listening does not come easy and will take practice.

Heated exchanges are bound to occur over sensitive topics. It's better when each of you gets a chance to talk; the exchange of insights and ideas deepens your connection.

Mercury in the Sixth House

Your minds are inquisitive. You like to know why people think the way they do. There is a shared desire to trim excesses. You bring out the analytical side of one another. Your perceptions are often work or service-oriented. Self-improvement is a key interest. You both have a tendency to want to perfect your skills and abilities. You can work circles around others when you want to.

A regular focal point for your communication might be work and duties. Efficiency and organization could be easily preached to one another. Other pet subjects are probably diet and health. There is a desire to really understand each other's needs. Keep criticism to a minimum, and you will be happier.

Making time for your mutual interests is important to you. Don't let the same old routines become an everyday reality. Bringing in new experiences adds a deeper dimension to your lives. You will likely gravitate toward a carefully planned day-to-day living.

Don't become too picky, picky! "Not seeing the forest for the trees" can occur. Take a broad perspective of each other. Give your partner plenty of room to think freely. You work better together when you stay positive in thought. Encourage confidence in one another and you will be passionate lovers.

Venus

Without Venus, life would be lonely and meaningless for all of us. The goddess of love guides our Social Awareness and search for Aesthetic Beauty. The Venus sign and

house positions most directly point to your search for a sense of balance, peace, comfort, love and mutual admiration.

Venus in Libra

Your relationship is a Symbol of Soul Mates. You could be perceived as being just right for each other. Your social instincts exude confidence even when you are feeling unsure of yourselves. There is extra sensory perception in knowing how to fit into any social setting.

You like to bring out the romantic in one another, and can do so in many instances! Sharing your life with a whole host of significant friends is probable. It may even be hard to go to an event by yourselves. Others like to be in your company. You have an upbeat way of expressing yourselves.

Each of you may enjoy owning the items that reflect your aesthetic interests. Art, music and other entertainment possessions require a lot of extra living space. You tend to be fair in agreeing what is worth spending your money on. You hate to say no to one another. There is a natural ability to earn money. The two of you are willing to give it your best effort to make any purchase you desire. There could even be financial gain through legal battles. You do have a strong sense of justice and will fight if pushed into a corner.

Getting tired at times will not stop the two of you from living busy lives. You have multiple interests and can be affiliated with several groups. There isn't time to be bored--is there?

You can make each other feel at ease even when life is in the fast or worry lanes. It is difficult to watch your partner be unhappy. Each of you can be real creative in getting the other out of a low mood. Showing affection openly can please you both. There are instances when you make each other nervous. If you put your ideas into action you are better off.

What might need to be balanced? You can try so hard to please your partner or others, that it makes decisions hard to make. Practice will make perfect, or at least you can get more decisive. Hiding emotional needs delays you in being understood. You can be diplomatic but do talk straight. Your relationship is fun and exhilarating when you both speak up.

Venus in the First House

The two of you can't be accused of being shy. Even when you are not feeling confident socially, your smiles can hide any feelings of insecurity. People like you. Finding time to yourselves may not always be easy. You activate the gregarious instincts of friends or strangers. Though there is potential for conflict concerning your values, you share a tendency to quickly put them into action. There may be fondness for holding hands on nature trails and watching sun rises.

Buying on impulse is indicated. You tend to go directly after what you desire. Money may come and go. Your energy to make a good living is ferocious. Each of you needs the

freedom to spend money on clothes, image consulting and the pleasurable items of your choice. The careers may each deal with the public. People probably see you as a sometimes self-absorbed couple. You make good mediators.

Emotions pour out spontaneously. It isn't too difficult to figure out when one of you is not happy. Your eyes are a dead give away. You can be quick to agitate one another, and just that quickly be flowing nicely. It's not hard to get centered again. Get good at knowing win-win strategies. By all means, do give each other an equal amount of attention!

Prolonged indecision has no place in your companionship. It has a way of making you feel uncomfortable. Weigh your options but do move forward. The two of you are dynamic when trusting your hunches. Others can see you as role models, representing a quality they would like to develop.

Mars

The ancients considered Mars the god of war. The warrior planet can translate into heated exchanges with each other. Mars arouses Passion in the form of sex, anger or a desire to forge ahead as a swash buckling couple. Mars is still the ruler of combat. It points to the primal competitive instincts embedded deep within each of us. In modern terms, this fiery red planet's sign and house placement are associated with assertion and acting on impulse.

Mars in Aquarius

The warrior in you is as inventive as unpredictable. You both are turned on by future goals. Impatience with the present is something you may need to watch. Fighting for the underdog and championing your favorite causes is predictable. People may accuse you of being rugged individualists. There is a rebellious spark that can entice you to challenge the politically correct institutions of the world. You may not like arguing with each other as it seldom produces a real winner. Letting each other blow off steam is smart. You then work well together.

You can enjoy moving fast through life. There is a great desire to live in the fast lane. Groups and organizations may not know what to do with you, but enjoy your outspoken truisms. You both can delight in shocking others into a new view of reality. Be careful though in trying this technique on each other--it's hard to kid a kidder!

You grow weary of routine and might have distaste for stability. You are wise in being careful when and where you display your love of being agents of change. There is a boldness to move forward in new directions. Make sure you are not being different, just to be different. Know the purpose behind your actions. Treat each other as equals and you will be long-term lovers.

Mars in the Fifth House

There is boldness about your relationship that will lead you to tempt fate. You don't mind going against the odds to put your plans in motion. There is a drive to express yourselves passionately. You often will beat others to the finish line with your competitive ways. The idea of losing probably doesn't cross your mind. You will inevitably wish you hadn't rushed into saying the wrong words to each other. Get good at developing the foresight to say the right thing more often. You both can champion the causes that capture your imagination. Patience does not come easily. It is better to pursue things that can manifest quickly. You both like life to fulfill your wishes as of yesterday!

An active life is predictable. Watching life from the sidelines is not your first instinct. Your impulse is to be dramatic players. Having a hobby in common is enjoyable. There might be participation in tennis or skiing. It is possible a spectator sport could be of interest. You could enjoy dancing into the early morning hours. It is your adventurous spirits that drew you to meet one another in the first place--wasn't it?

You will be hard pressed to find a more inspiring partner. Encouraging each other to shoot a full throttle toward personal aims in life initiates intimacy. You are a hero when cheering one another on to meet new challenges. You both get motivated acting forcefully in launching shared dreams. When you pay attention to each other's heartfelt needs, you are an invigorated couple.

Jupiter

The largest planet in the sky is Jupiter. This happy-go-lucky cosmic giant is more than twice the size of all the other planets put together. Jupiter spins on its axis with great enthusiasm, doing this faster than any other planet. Jupiter's sign and house denote themes related to learning, optimism, travel, philosophical beliefs, luck and generosity. Inspiration that flows between two people can be traced to our good-natured friend in the sky.

Jupiter in Aries

You seek inspiration through bold new enterprises. There are few things the two of you are afraid to try. It is important that your interest is captured quickly, or you will soon move on to more stimulating activities. You are not a couple that likes to wait for others to make up their minds. They better get on your train fast, as it is usually leaving a few minutes earlier than scheduled. Your heads can get together speedily on decisions. People may wonder why you are so lucky. It's probably more true that your swift intensity simply makes people and circumstances respond to you favorably. You like to make your mark on life just as a cat does to claim its territory.

Legal smarts are something you may share. The two of you are going to fight for your beliefs. The falsifying of truth by unscrupulous individuals angers you both. Each of you takes your principles and ethics quite personally. You may even argue with each other about the rights and wrongs of society. You expect your partner to show faith in you--don't you?

Travel adds a spark of excitement to your lives. It might be your favorite form of

relaxation and entertainment. You need this at certain times to keep your adventurous spirits tuned up. A sense of happiness and expansive growth comes through knowing each of you is free to satisfy your own unique quest for learning. You won't spar as much if you honor your partner's right to make choices. There is a no turning back attitude in your hearts when it comes to looking a new challenge in the whites of its eyes!

Jupiter in the Seventh House

An endless curiosity about the belief systems of others. Does this sound like the two of you? Social interactions are on fire! It is where you as a couple dance freely, showing a gift in relating to diverse types of minds. You can be just as at home amongst friends as with new associations. There is luck in meeting people with influence that can improve your chances of success.

You raise each other's self-confidence more than you undercut it. Just be careful with unfounded overconfidence. Don't allow your generosity to be taken advantage of by others. Be aware of one other tendency. This is promising more than you can deliver to each other, or to those making demands on you. Be reasonable in your expectations. It is okay to say no, or to limit what you can do.

People probably find you an uplifting twosome. Your self-confidence enhances the well being of those you know. Some individuals may believe you bring them luck. You appreciate people with integrity and vision. Exchanging philosophical ideas with friends and new acquaintances is stimulating. There needs to be the freedom to spend time with your own personally favorite peers.

Saturn

Astronomers say that if Saturn fell from the sky it is light enough to float on an ocean. Some people dread hearing about where Saturn is in their chart more than they do going to the dentist! The fortune tellers of old always painted this planet with "heavy" interpretations. They presented this planet as being a god of doom and gloom. In modern astrology, this motif denotes endurance and ambition. In mythology, Saturn was Chronos, the god of time, reflecting the wisdom that can be learned from past experiences. You could say Saturn is a "Cosmic Chiropractor", showing adjustments needing to be made along life's way. There can be frustration in repeating the same mistakes. Saturn's sign and house themes are associated with Commitment and Reality-Testing. The two of you may find clues here about how you define your relationship roles. Career drive is a Saturn hallmark. Saturn shadows are fear, rigidity and a need to be compulsively controlling. There is no longevity without partners dealing with the symbolism of this particular celestial wanderer. With a lot of practice and patience the two of you can get good in making this side of your relationship flow--honest! Saturn can become more a god of Success!

Saturn in Taurus

You are smooth and graceful in working together. Taking care of practical concerns will normally run like clockwork. Your slow and methodological approach to getting a job done gets results. Neither of you cares much for stress provoking situations. People

probably see you as a reliable couple. Friends and loved ones prefer your shoulders to lean on during their times of personal crisis.

You believe in making money the old-fashioned way by earning it. Each of you needs to have your opinions about money recognized. There will be tension if you don't. Patience takes you far together. Investments that start small can snowball into profit in future years. You have noses that can sniff out where to put your savings to let it mature handsomely. It could be frustrating if one of you wants to take more of a risk, and the other doesn't. A carefully laid out strategy that involves taking a chance could be a good thing.

Talent in creating or collecting beautiful items can be exhibited. Each of you can get very attached to possessions. Respecting what your partner values is endearing. You can share a love of well-designed landscapes. Owning land can be enjoyable. A fondness for peaceful surrounds can be a mutual desire.

Experience teaches you to how to negotiate with your partner. Stubbornness is a tendency when either of you feels slighted. When your commitment is based on an equal give-and-take, you feel like two lovers meant for each other.

Saturn in the Eighth House

There are few people that can get the better of you in financial dealings. You are a couple that usually knows what you want and what it will take to get you there. Individuals will sometimes grow resentful of your success. You do need to know who are your true friends. Business triumphs come through not giving into your fears. Patience has its payoffs. Investments can eventually yield profit. Your determination to own the land and home you desire is intense. You both make excellent managers.

Money issues are predictable. There may even be a bit of secrecy concerning how much money each of you has in their possession. The deeper your commitment, the more about yourselves will be revealed. Trust translates into greater passion in this relationship.

Uranus

Try to visualize a maverick planet orbiting on its side, whereas the other planets sit straight up and down. Uranus! This planet was discovered in the eighteenth century, sandwiched in between the American and French Revolutions. Is it any great wonder that this planet's sign and house occupations show our individuality and innovative ideas? Experimentation. Inventiveness. These are two more themes of this exciting and trend-setting entity. What is the down side to this rebel? A tendency in exhibiting a sarcastic tongue in your everyday communication. Launching sudden irresponsible actions will not make you feel like friends. Uranus can be the source of enjoying the refreshing insights you bring to your partnership. Treat each other as equals and you are likely responding to a positive tendency embedded in this planet's symbolism.

Pluto

Last, but not least, is a planet of mystery and intrigue, Pluto. You may get a message or two in this section about your shared psychological intensity. Pluto's sign and house point to our drives for power, passion and financial gain. A desire to get to know each other on the deepest of levels can be a Pluto theme. We must let go of a part of ourselves to be in a relationship. This scares some people and seems like a fair deal to others. What we cannot face as individuals sometimes will be brought to the surface in our interactions with a partner. Pluto's shadows center around jealousy and possessiveness. This planet teaches us that letting go and trusting one another are rewarding paths. Facing the tests of Pluto together is the breakfast of champions.

Midheaven

Just as the Ascendant was described as a sign serving a special purpose, there is a sign referred to as the Midheaven, with a special mission of its own. This is the sign at the beginning of the 10th house of a chart. A palm reader can interpret the career line embedded in your hand. Think of the Midheaven or 10th house sign as a type of career line in your chart. How you two conduct business in the world and your work interests are shown here.

Part Three: Planetary Aspects

It's time now to mention another technical side of your report. (If you don't like technical explanations, skip right to the Aspect Interpretations). You have already been introduced to the ten planets. Certain planetary pairs in your chart have a special relationship to one another due to particular angular distances separating them, known as aspects. You could almost say the two planets in an aspect travel and interact together along the same circuit. The following aspect interpretations or descriptions will be listed under five types. Two are known as the soft aspects: the sextile (60 degrees) and trine (120 degrees). These two aspects generally point to more gentle themes found in your relationship. They indicate a lower voltage of electricity and produce less friction. The planets involved in a trine or sextile are more likely to be areas where you flow together without much effort.

The more hard or intense aspects are the conjunction (0 degrees), square (90 degrees) and opposition (180 degrees). They require our understanding and will point to key ways the two of you must communicate and negotiate. Planets that are part of an intense aspect will show how you energize one another. These higher voltage aspects don't mean you want to avoid them, but more so to develop a true understanding of how to use this energy constructively. "Soft" does not mean good and "intense" does not imply bad. It is often the more intense aspects that deepen the bond of a partnership. The interpretation of

any planetary aspect depends greatly on the symbolism of the two planets forming an aspect.

It might be helpful to keep some key words in mind for the aspects. The sextile is a promise of Excitement and Eagerness. The planets in this aspect give clues how your energies support one another. The trine is a special Harmony shown by two planets. There is often positive regard for one another that comes spontaneously. We expect good things to be delivered in the trine.

The conjunction is where two planets are joined at the hip. There is a Fusion or powerful blending of these two energies. The square can reveal where you will encounter Friction in your relationship. Pay special attention to these aspects, as they are opportunities for growth as much as discord. The opposition requires a Balancing act. It is similar to a seesaw. Each of you may find yourselves taking turns in acting out one planet or the other.

It might be helpful to refer to Parts One and Two to refresh your memory about the meaning of the Planets, Ascendant and Midheaven, as you read the aspects that follow. Remember that it is usually the more intense aspects that stretch us the most. The more positively you use these challenging planetary combinations the greater will be your understanding of each other.

Note that a planet might be involved in several different aspects. In other words, the planet is interfacing its energies with numerous other planets (or even with the Ascendant or Midheaven). A "heavily aspected planet" plays a key role in your relating to each other.

Part Four: The Nodes of the Moon

Do you sometimes wonder if it was fate or some other mysterious set of events that introduced the two of you? What attracted you the most to each other? Maybe it was a charismatic smile, the way you could talk, a physical attraction, or a shared sense of values. There is a multitude of possibilities you could name. The Nodes of the Moon are not planets. They are a celestial polarity offering clues to your connection on the soul level. Think of it as your own "psychic friends network." If this sounds too mystical or

corny, just think of the Nodes as a shared frequency level in your partnership. It doesn't mean you get psychic flashes about each other. Much of this link between your minds is probably on a subconscious level. The Nodes usually play an active part in our closest relationships. The longer we are in a relationship with a particular person, the more these two energies come into our conscious awareness.

The Nodes represents a special way you can build your relationship together. They point to certain themes that must be nurtured. This helps keep weeds of discontent and frustration from growing. The Nodes are a path to solidifying your sense of closeness.

Node in Virgo

Creating a life with a sense of order makes you feel more at ease. A desire for perfection can drive you both to be the best at whatever you do. Helping one another find ways to survive major challenges is a solidifying factor. A serious seeking of self-growth could be a tendency you have in common. Serving a cause or belief can be a strong rallying point for your cooperation. Your follow through is impressive. People are likely to find you reliable and trustworthy. You activate the realistic and conscientious sides of one another. A shared interest in diet and health is likely.

The trickster or hidden irrational tendencies come forward when your idealism or expectations are unreasonable. The power of your imaginations is immense! There are times when you will need to trust your intuition more than your intellects. The dreamer in each of you is greatly activated through being together. You may feel an unspoken closeness. Your emotions can cloud your mental clarity. Balancing reality and blind faith is crucial. Your highest values are probably a unifying factor. Don't ask your partner to be perfect. Talking straight keeps you from drifting apart due to assumptions. It is exhilarating to escape into each other's creative energies.

Node in the Twelfth House

There is a calling to be true to your shared ideals. The two of you can form a special closeness that can find you reading one another's thoughts. The intuitive and creative intensity you inspire in your partner is great. You can believe in each other's abilities. It may seem your subconscious minds are linked as one. Each of you must feel free to choose your own causes. You understand the idealism in one another. A fondness for the arts or similar types of entertainment is probable. Do you sometimes feel a mysterious pull to doubt yourself, or each other, for no apparent reason? Don't panic. It's just your mind saying it's not possible or realistic to be this happy. It is possible the two of you may need to get better in talking about real issues. It is tempting to do the sweeping under the carpet trick. Eventually you must talk straight. Criticism can be destructive if it gets out of hand. Neither of you probably likes to be critiqued anyway. The two of you are happier when you balance reality and idealism. You likely appreciate it when your partner is holding up their end of the bargain

in acting responsibly. You can be an efficient duo able to enjoy the fruits of working toward shared objectives.

This concludes your Romance Profile, Angelina and Brad. If this was your first experience of Astrology, hopefully it is far from your last!
