## **Astrological Compatibility**

Astrologically, each individual is represented by a chart of the planets and houses at the moment of his birth. By comparing and contrasting the interrelationships of two separate charts, the astrologer can reveal the many ways and many levels that two people relate with each other. This is the astrological art of synastry as it has been practiced for several thousand years. This report analyzes each of the two selected charts and interprets the astrological connections between them. The charts' data, along with planetary positions and house cusps, are printed on the previous page. There are four possible sections to this report, two for each of the charts. Any one of them, or all four of them, will be included here depending on which were requested.

For each individual the two possible sections are: 1) How this person approaches relationships. This section considers only the one chart, and is appropriate for all relationships this individual makes. 2) How this person relates specifically with the second person. Here each paragraph interprets a contact between the two charts from one chart's point of view. The text here pertains to this one relationship only, and should be understood in light of the actual nature of the relationship. Remember that every relationship contains points of similarity and harmony as well as points of conflict and discord. Through understanding, it is possible to cultivate and encourage the positive and harmonious, and keep relationships growing and fruitful through the highs and lows of the passing years.

## **Report for Angelina Jolie**

### **How You Approach Relationships**

You are always sensitive to others' feelings, and you pick up on even the slightest change in mood. Life for you is, above all, an experience to be lived and felt, and you find yourself sometimes up and sometimes down. You look to your partner for continual advice and guidance. You prefer a mate who is able to give you an overview or picture of what is happening. It's even OK if your partner runs a tad cool, because you tend to run a little hot... sometimes gushy. You depend on the calm, disciplined advice of a good manager -- which is what your partners often turn out to be.

*Capricorn on 7th Cusp*

You like a partner that is a hard worker, perhaps a little on the serious side -- a mainstay of the community. They may tend to run a little cooler than hot, and this is OK with you. You may benefit from the discipline that an older, more accomplished, life brings to you. You may have a tendency to find your partners restrictive and too serious at times.

*Saturn Ruler of 7th*

## **Report for Angelina Jolie** **Strengths in your relationships**

You are comfortable with your sexual identity, and tend to be emotionally well balanced. There is a natural rhythm in the way you handle the day-to-day problems of work and play, with the result that you are capable of sustained effort. These same qualities affect your relationships too. They tend to be harmonious and long lasting.

*Moon Sextile Sun (orb: 00 20')*

You are, from time to time, really inspired to the point of moving others with your enthusiasms. You exercise an almost hypnotic quality over those who listen in when your imagination takes over. Dreams, psychology, and all things occult and metaphysical are your especial province. You're never afraid to take the plunge when matters of idealism or imagination come to the fore. You feel and experience the unity of life -- that we are all in some way, one. Others sense this about you.

*Mars Trine Neptune (orb: 00 22')*

You are attractive and tend to be physically active. You just might participate in or manage some athletic endeavor. You are in tune with your feelings and really know how to play a crowd for the maximum response. You can always count on support from those around you. You seldom hide how you feel and therefore are no stranger to an occasional argument. You probably got a lot of emotional support as a child, especially from your mother.

*Moon Conjunction Mars (orb: 02 23')*

You have great emotional control, and this allows you to pace yourself in ways average people cannot. You can keep control when others lose it. This suggests the capacity for sustained effort on your part which may manifest in a natural athletic ability. Your relationships, which tend to be long lasting, are easy going. There is an accent on leadership and masculinity.

*Sun Sextile Mars (orb: 02 43')*

You are enchanting, and can transport a group of people with your mesmerizing words, action, or music. Through you, others catch a glimpse of a world more unified than the one they find themselves in, and hear from you of the life they know exists beyond the mundane. Once under your spell, you could motivate them to do almost anything. You owe much to your upbringing, which tolerated and gave support to your dreamier side. You can be very compassionate, and understand the feminine side of life.

*Moon Trine Neptune (orb: 02 45')*

You have an uncanny sense of justice coupled with an innate ability to interpret the law, whether manmade or natural. This may manifest thru your showing others the way thru, or beyond, the problems in their lives. A practical sense of how to manipulate the opportunities that appear in life. Just plain luck! A natural love for those with more experience or authority. A teacher, or benefactor, is likely.

*Sun Sextile Jupiter (orb: 04 00')*

You were born lucky and have never had trouble finding support and approval from others. You may find that working with people is what you want to do for a career. Whether professionally or not, you will find yourself guiding and directing other people in one way or another. You have a way with other people and could do well in advertising, sales... any occupation that works with the public. If anything, you might have had it a little too easy, been a little too lucky.

*Moon Conjunction Jupiter (orb: 04 20')*

You are a great problem-solver, and can always think of a way to do almost anything. Your friends know you to be fair, and your integrity is unquestionable. You may find yourself interested in legal matters, publishing, philosophical and religious subjects, and would make a good teacher or instructor. Scientific investigation would interest you.

*Mercury Sextile Jupiter (orb: 04 54')*

An original thinker, perhaps an inventor. You have a very sharp mind, capable of real insight. You are always thinking of new ways to do things or a new use for something. You are great at finding solutions for existing problems where others have run out of ideas. Almost anything can be turned to an advantage, once you put your mind to it. Communication of all kinds, especially computers, electronics, and the new technology, is right up your alley.

*Mercury Trine Uranus (orb: 06 28')*

You really know how to pace yourself and seldom waste a moment or a move. It would be difficult for you not to be a success at anything you choose to do. Career problems seldom last long or prove very difficult. Others remark on your creative energy, great drive, and the fact that you never seem to let up. It all runs so smoothly. You may be moved to work with the law, publishing, education -- any field where you have an opportunity to guide and educate others.

*Mars Conjunction Jupiter (orb: 06 43')*

You manage to cram many lifetimes into one, for it seems like you're always being reborn and starting life over again. Others may have a hard time keeping up with your changes. You do well in face-to-face and gut-level situations that would exhaust most people. You really come into your own when the going gets tough or when it's time to "get down" and face facts. Good leadership potential for emergency situations

*Sun Trine Pluto (orb: 06 54')*

You communicate very well, and it is easy for you to give others a feeling for whatever you're thinking. You tend to believe that there is almost no problem that cannot be handled with words, by talking it out. You could be a fine speaker. Your natural sensitivity for the feelings and thoughts of those around you makes you a valued community member. Needless to say, you want a partner who is at home with feelings and -- above all -- likes to talk.

*Sun Conjunction Mercury (orb: 08 54')*

## **Report for Angelina Jolie** **Challenges in your relationships**

You may have trouble giving yourself credit and appreciating yourself for who you really are. You can be torn between grand ideas of some ideal love for all beings in a very abstract sense as opposed to loving real people on a day-to-day level, as they actually are. Others may accuse you of being selfish, or ungrateful -- of not giving credit where credit is due.

*Sun Semisquare Venus (orb: 00 16')*

You may be somewhat of a rebel, with a history of going up against authority. You like to stand alone -- an outrider at the fringe of society -- like the old-time outlaws. You have a knack for separating yourself from the herd. You end up as the loner, although this is not always what you want. You need a partner in this life, a go-between for you and the status quo.

*Sun Sesquiquadrate Uranus (orb: 00 23')*

You could have a fear of the new and different -- of sudden changes. However, once they occur you really get a charge out of them. You would like to break away and live an unusual, exciting existence, but your conventionality holds you back from making the move. The result is that you often feel frustrated and mired in the humdrum. Jealousy in love affairs could present a problem.

*Venus Square Uranus (orb: 00 39')*

Everyone who comes to know you will remark on your high ideals. You are indeed a beautiful soul, and you probably suffer many disappointments. Friends may see you as unrealistic and otherworldly, afraid to put your dreams to the bitter test of life and actuality. Those close to you may feel that your continual disappointments are a deception on your part, a refusal to face life.

*Venus Sesquiquadrate Neptune (orb: 02 49')*

You may have a fear of taking the plunge, letting go. Perhaps you are hesitant to trust your vision or your dreams, lest they overpower your day-to-day routine. As for relationships, you tend to worry about being deceived. There is tension present as to just how much you dare trust your more mystical side. Perhaps you have been disappointed by authority figures, more due to your over-idealizing them than to their own faults.

*Sun Opposition Neptune (orb: 03 05')*

A history of insecurity, possibly fear of confrontation and of getting to the heart of things. Competitive to the point of power struggles. Frequent blow-ups. Things tend to build up to the point where you go through some big transformation and start over. Your attempts to control relationships end with your feeling rejected. A very understanding, psychologically oriented partner is in order.

*Mars Opposition Pluto (orb: 04 11')*

You don't have much faith in people seeing what is good about you on first meeting. You want to do something for them, somehow show them by action and work what you

are really about. You are never a lightweight, for you take feelings very seriously. Sometimes you can't help but be a party-pooper. You won't just let your feelings out without examining them. Contact with others may have the effect of putting them in touch with their more serious side. Some may see you as religious or meditative.

*Moon Square Saturn (orb: 04 18')*

You have always felt vulnerable when deep emotional issues are brought up, and may have a history of avoiding confrontation and self-examination. You are ever so sensitive to ideas of death, helplessness, and vulnerability in general. You see them only too well, and they haunt you. There may well be some childhood experiences that were rough or harsh for you to accept. Any partner will have to tread very gently when it comes to matters of feelings and security. You may tend to dominate a relationship, but without success.

*Moon Opposition Pluto (orb: 06 34')*

You may have difficulty expressing your feelings, with the result that tension accumulates to the boiling point. You may get the feeling sometimes that situations and other people unite to repress you, to hold you back. You probably have had some really harsh experiences, hard feelings. You feel you must push and strain to get anywhere at all. You would do well with a partner who can help you through the process of getting your feelings out without exploding.

*Mars Square Saturn (orb: 06 41')*

## **Report for Angelina Jolie Your Relationship with Brad Pitt**

The two of you may end up working with the public on some health or service-related project. That may even be how you met. Brad personifies, and brings to your attention, concerns that you have known about for a long time but perhaps never acted upon. Things like diet, smoking, exercise, preventative medicine.....anything that exemplifies a caring attitude. He is very supportive, and when you are with him it seems that all these endless details are easy and even fun to care for.

*His Moon in Your Sixth House*

Here is a real playmate, a lover in all the traditional sense of that word. Brad really gets those creative juices bubbling, and through him you discover artistic tendencies you never knew you had. You might even write a poem or two. There is a first blush and sense of mutual discovery in this relationship. Through knowing him you have become more self-expressive, more active. There is a growing sense of self-confidence and pride in yourself that you gain from this relationship. There is a good feeling to this relationship.

*His Sun in Your Fifth House*

When the two of you get together for an intensive talk session, watch out. You love to discuss the details of work and matters relating to your health, self-improvement, and general well-being. He brings out ideas on how to improve and care for yourself. On the down side, both of you can slip into a very critical vein, especially of others. You may find yourself working together in some editorial or managerial capacity.

*His Mercury in Your Sixth House*

He appreciates your sense of duty and concern for others. Time spent together tends to enhance these qualities in you. You may not have known how much you care about life and other people before you met. You find yourself taking better care of yourself, by attending to the details and odds & ends of your life. He values you for your more conservative qualities and tends to see you as painstaking and particular when it comes to attending to details.

*His Venus in Your Sixth House*

When all is well, the two of you manage to get a lot done, attending to all of the responsibilities that need caring for. He drives you to a greater response than you could provide on your own when it comes to taking care of business. However, if you are the least bit upset or overloaded, you may experience Brad as too much of a good thing. He may irritate you. Or you may get critical and petty with one another. The whole thing can be hard on your nerves.

*His Mars in Your Sixth House*

Brad may be a real leader or inspired teacher for you. Through him you may discover a more philosophical and religious side of yourself. You respect his integrity and judgment, and have no trouble following his lead, because he is always fair and knows the right way to handle things. You may have long walks and long talks. Traveling

somewhere together would be ideal. He tends to open up your mind to new horizons, perspectives, and possibilities.

*His Jupiter in Your Ninth House*

A serious and perhaps lasting relationship, but not necessarily a romance. Brad can't help but exert a certain influence or control on your social sense -- how you react to other people. You may find it difficult to respond to him, for he might be more at home at a funeral than a party. If you are too loose and free on the social scene, this could be a beneficial person to know. You will learn a lot in a hurry.

*His Saturn in Your Seventh House*

Brad has an unusual, original, way of appreciating or caring for you. The way he shows affection is different, and this could make for an interesting love life. Or he might introduce you to alternative ways of financing or making money. His ideas on handling your resources and providing for yourself may be just the ticket. Whatever else, they won't be just more of the same.

*His Uranus in Your Second House*

You share a sense of the unity of life, and this could mean a very happy, almost dreamy domestic scene. There is a tendency to lose yourself in dreams and fantasies, so strong is your imagination when you are together. You could make very beautiful music together. You may have to be a little careful not to get carried away with all of this and neglect your responsibilities (the details of life).

*His Neptune in Your Fourth House*

He may be responsible for a deep change in your values, all that you consider important in life. This may involve some very sensitive issues and real self-facing on your part. Through knowing him, your status in the world (especially in regard to finances) could undergo a transformation. He may help you strip away many unessential qualities and concentrate on those resources that can actually benefit you.

*His Pluto in Your Second House*

## **Report for Angelina Jolie** **Strengths in your relationship with Brad Pitt**

This might turn out to be a great working (business) relationship. You have no trouble getting behind him, and can urge him to greater success. There is a natural sense of harmony and flow to the relationship.

*Your Mars Conjunction His Jupiter (orb: 00 52')*

Brad may be a real help when it comes to disciplined thinking, mental organization, and study in general. You are able to talk about his problems easily. You are able to put into words situations in which he finds himself.

*Your Mercury Trine His Saturn (orb: 03 11')*

Brad will find you very supportive when it comes to matters of his career or life direction. He can trust your advice, and you tend to act as a guide for him in many ways. This could be a good business relationship too.

*Your Moon Conjunction His Jupiter (orb: 03 15')*

Brad may be one of your most valuable assets and have a great influence on your career and life direction. Through his support you may succeed in finding solutions to many a problem. You work well together and would make good partners.

*Your Sun Sextile His Jupiter (orb: 03 35')*

This could be a real working relationship. Brad has an organizing effect on you, and brings discipline and good sense to any project the two of you engage in. Although somewhat cool and conservative, this has every sign of being a very durable relationship.

*Your Sun Trine His Saturn (orb: 05 43')*

## **Report for Angelina Jolie**

### **Challenges in your relationship with Brad Pitt**

Your relationship can have all the humor of a "push me-pull you" comedy routine. It is surprising how the two of you manage to come up against each other time after time. If there is not an understanding of this tendency, it could end up with endless arguments and harsh feelings. It's amazing, with all the energy you both have, that you can't seem to come together very often.

*Your Mars Square His Mars (orb: 00 41')*

He may feel that you pooh-pooh his fears and worries. His own need for sensitive self-examination and transformation may not appeal to you, with the result that you may sidestep his little confrontations. There could be a bit of a power struggle, complete with explosions.

*Your Sun Square His Pluto (orb: 00 48')*

You can't appreciate his continual need for self-analysis and confrontation. He never seems happy unless he has reduced every meeting to its lowest common denominator. He may go against all that you hold dear, and drag you through scene after scene. A problem.

*Your Venus Semisquare His Pluto (orb: 01 04')*

From time to time there may be some hard feelings and harsh words between you. You may not feel like talking, or find that you can't support a lot of what he is saying. He may not be able to understand how you feel, and resents your attitude.

*Your Moon Square His Mercury (orb: 03 02')*

There are a lot of hurt feelings in this relationship. Argument and power struggles are to be expected. You tend to ignore, or not be sufficiently supportive of, Brad's feelings. He can't help but get in digs at you on a regular basis.

*Your Moon Square His Mars (orb: 03 03')*

You may not appreciate his sense of independence, always having to do something different and unusual. You don't like surprises. It may go against your own set of values and thus be a cause for dissension.

*Your Venus Semisquare His Uranus (orb: 03 05')*

You never know what to expect with Brad. His need for variety and the unusual may conflict with your own more conservative trends. He may tend to be a rebel, with you always playing the authority figure. Sometimes hectic; seldom boring.

*Your Sun Square His Uranus (orb: 03 21')*

There may be some problems in communication. You may find it difficult to talk with Brad, or attempts at communication end up in a standstill. His attitude and manner may leave you feeling frustrated, unable to communicate.

*Your Mercury Opposition His Sun (orb: 03 32')*

This may never do. Neither of you are able or willing to give the other much credit. There is a lack of appreciation, and very little sense of shared values. You may not like the same things.

*Your Venus Opposition His Venus (orb: 04 41')*

There may be some hurt feelings on Brad's part because he feels unappreciated by you. You don't always give him the credit that he feels he is due. He may refuse to give you the kind of support and nurturing that you're looking for. You both tend to be at loggerheads over this.

*Your Venus Opposition His Moon (orb: 05 20')*

Brad refuses, or is often unable, to get your meaning. He may feel that your own feelings are lacking as a motivating force in your life. This can lead to harsh exchanges and hot tempers.

*Your Mars Square His Mercury (orb: 05 24')*

Push me; pull you. There is a tendency to end up feeling at odds with one another no matter what the issue. This could manifest in hard feelings and a lack of support on each of your parts. It is a no-win situation, and even a bit humorous.

*Your Moon Square His Moon (orb: 09 45')*

## **Report for Brad Pitt**

### **How You Approach Relationships**

Your manner of relating to others is open and direct, and you somehow always manage to get right to the heart of things. No sidesteps. Everyone knows where you stand because your heart is always right there on your sleeve. On meeting you, one might expect that you would seek out another no-nonsense and serious type as a mate. Not so. You find relief from your own single-mindedness with someone who is, above all, fun and easy to talk to; talk and mental stimulation are things you really enjoy. The fact that they are a bit of a lightweight, always on the move, and even a bit frivolous, doesn't bother you one bit. You're delighted.

*Gemini on 7th Cusp*

Above all, you have a need for partners that are bright, witty, and that like to talk and communicate. You must have mental compatibility before you get serious about someone. Aside from talking, you like others who are interested in speaking and writing.

*Mercury Ruler of 7th*

## **Report for Brad Pitt**

### **Strengths in your relationships**

You have a real drive to discover or invent things. You are always pushing the envelope, going the limit. You know it is at the leading edge where all the real breaks occur. You are fascinated by what is happening in technology and communications. Others find you original and nonconventional, especially in your love life. You have your own very original idea of love, emotions, and marriage. You march to a different drummer when it comes to relationships.

*Mars Trine Uranus (orb: 00 03')*

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

*Moon Conjunction Venus (orb: 00 39')*

You have a fantastic imagination and are somehow tuned into what we all dream of at the deepest levels. The dream worlds, the more eternal thoughts of mankind, come easy for you, and you would be a convincing speaker on occult, metaphysical, and religious subjects. The way you talk about the intuitive and imaginative realms is very moving to others. You are able to put into words the sense of unity that we all know exists in the world but can't always keep in mind. You could be a fine poet or musician, especially a composer.

*Mercury Sextile Neptune (orb: 00 42')*

Very sensitive areas of conversation that might intimidate most (taboo subjects, etc.) don't bother you at all. You always persevere and keep right on investigating. You are expert at getting straight to the heart of things, and would make a super sleuth, or researcher. The deeper a secret is buried, the more likely it is that you will turn it up. And when it comes to money, sex, and other highly charged issues, pity anyone who tries to manipulate you. That's your bailiwick, and there are very few who can stand to argue with you.

*Mercury Trine Pluto (orb: 01 53')*

You have always had a drive to delve into the unknown. The cosmos has real trouble keeping secrets from you once you have made your mind up to investigate. You have great perseverance and staying power. You work well in a crisis; emergencies of all kinds find you on the spot, ready to test your mettle. You are brave -- and unafraid of death or people. You do well with investments, property, and other people's money. You have very little sense of propriety and tend to call a spade a spade. You like to get your hands in the real stuff of life, blood and all.

*Mars Trine Pluto (orb: 04 12')*

An original thinker, perhaps an inventor. You have a very sharp mind, capable of real insight. You are always thinking of new ways to do things or a new use for something.

You are great at finding solutions for existing problems where others have run out of ideas. Almost anything can be turned to an advantage, once you put your mind to it. Communication of all kinds, especially computers, electronics, and the new technology, is right up your alley.

*Mercury Trine Uranus (orb: 06 02')*

When it comes to self-expression, you are a natural and can always put what you feel into words. Your mind is quick and tends not to get bogged down in emotional issues. You would do well in any of the communication fields, and are an excellent speaker. People find it easy to get a sense for a subject when you put it into words. You write well.

*Mercury Conjunction Mars (orb: 06 05')*

You communicate very well, and it is easy for you to give others a feeling for whatever you're thinking. You tend to believe that there is almost no problem that cannot be handled with words, by talking it out. You could be a fine speaker. Your natural sensitivity for the feelings and thoughts of those around you makes you a valued community member. Needless to say, you want a partner who is at home with feelings and -- above all -- likes to talk.

*Moon Conjunction Mercury (orb: 06 43')*

You love to talk and write, and you probably do so beautifully. Your sense of color, harmony, manners, and all that is artistic, is beyond reproach. You know quality, and people love to let you pick out art or arrange color schemes for them.

*Mercury Conjunction Venus (orb: 07 22')*

You have always had a sense of being special, and of having experiences perhaps others have no memory of. You can handle even the most sensitive areas of your (or another's) mind, and have no problem with controversial and upsetting topics like death, dying, sex, and the like. You can't help being a psychologist of sorts. Sometimes it seems like the universe delights in showing its secrets just for you. You have a sixth sense for values, money, property -- opportunities.

*Moon Trine Pluto (orb: 08 36')*

## **Report for Brad Pitt**

### **Challenges in your relationships**

You may squander your money, tend to expand too rapidly, do too much. Your feelings often run counter to the status quo or accepted norm, with the result that you may tend to be a bit of an outlaw. This could extend to your married life too, which might be somewhat unconventional. A stubborn streak may find you refusing to walk the straight and narrow, doing what is expected.

*Mars Square Jupiter (orb: 00 12')*

You could have a fear of the new and different -- of sudden changes. However, once they occur you really get a charge out of them. You would like to break away and live an unusual, exciting existence, but your conventionality holds you back from making the move. The result is that you often feel frustrated and mired in the humdrum. Jealousy in love affairs could present a problem.

*Venus Sesquiquadrate Uranus (orb: 01 36')*

You are unconventional, at the expense of your own popularity. You did not care to follow in the footsteps of a traditional upbringing, and you may have left some very disappointed parents behind as you set out on your own. Independence and originality for you have been almost a private thing. You have sought it out despite the occasional disapproval of the status-quo. You may be restless and move around a lot. Your desire for personal freedom has always gone against the majority.

*Moon Sesquiquadrate Uranus (orb: 02 14')*

You may have a fear of taking the plunge, letting go. Perhaps you are hesitant to trust your vision or your dreams, lest they overpower your day-to-day routine. As for relationships, you tend to worry about being deceived. There is tension present as to just how much you dare trust your more mystical side. Perhaps you have been disappointed by authority figures, more due to your over-idealizing them than to their own faults.

*Sun Semisquare Neptune (orb: 05 56')*

You think you can get around doing things as you know they are supposed to be done. These shortcuts end up costing you a lot. You also tend to bite off more than you can chew and can have a million projects going at once. You get carried away with yourself easily in arguments, and those close to you sometimes accuse you of not being entirely fair with them.

*Mercury Square Jupiter (orb: 06 17')*

## **Report for Brad Pitt Your Relationship with Angelina Jolie**

You probably felt at home with Angelina right from the start. You enjoy doing things together. It feels natural and good. It occurs to you that this relationship could last a while. She feels almost like family and does a lot to bring out your more domestic side. The two of you might cater to the public or run a business from your home.

*Her Moon in Your Fourth House*

This is a true partnership -- real marriage material. When you first met Angelina, you got the message as to what marriage and partners are really all about. Perhaps for the first time you experienced what it is like to totally respond to another person. All you wanted to do was to love and care for her. Bells rang, and all of that. It had the potential for being a real initiation, a coming together. You are ready to work to keep this love together.

*Her Sun in Your Seventh House*

The two of you have a great rapport. There is mental kinship. In fact a talk session with Angelina almost amounts to therapy for you both. There is a real sense of mutual reflection. It would be hard for you to find a more productive intellectual companion. It is possible that you may work together in some public way through speaking, writing, investigating. A real meeting of the minds.

*Her Mercury in Your Seventh House*

She finds you more sexy than just attractive. You felt this quality from the first. Her appreciation for you is quite bare and direct. It cuts through words and needless explanations. You can't resist. It's as if she already knows the real you and likes what she finds. She handles the most sensitive areas of your personality without even asking your permission. She knows what to do. A very exciting condition.

*Her Venus in Your Eighth House*

Any relationship with Angelina is going to have real emotional overtones. She has a knack for getting you right in the pit of your stomach. It will never be dull, but it's not likely to be tranquil either. She has real opinions, and tends to push you to declare yourself and to send out roots. There is a drive to get you to settle down and make a home. She has a lot of energy behind this thought. It may be just what you need to stop postponing the domestic scene. She is a real experience.

*Her Mars in Your Fourth House*

She tends to lead you away from the bright lights, and shows you the value of home, family, and security. Angelina does not force this upon you. Through her you discover your own desire to just live and build a foundation. You find yourself wanting to settle in and send down roots. She is the key to your discovering these qualities in yourself. You may love to cuddle up together and count the blessings of a peaceful homestead-like existence.

*Her Jupiter in Your Fourth House*

It may be hard to get personal with Angelina, and this may be a toughy if you're

thinking about romance. You may feel tied down and unable to work efficiently or profitably. You may lose sight of what is essential in any personal or business venture. You could accumulate debt. Not a traditional sign for a good business relationship.

*Her Saturn in Your Eighth House*

Angelina has the capacity for introducing you to radically new goals and groups of people. Perhaps through her you will meet a whole new set of friends, or be part of a group working on a new-age project. You may come to have a completely new idea of your fellow man, of brotherhood, and all of that stuff. She has radical ways of seeing things. All this may come as quite a surprise to you and may upset the traditional apple cart. She is anything but boring.

*Her Uranus in Your Eleventh House*

This relationship is potentially a very useful one. Through Angelina you get a real sense of self-sacrifice and working for the benefit of all mankind. You may be swept up in an almost dreamlike state, able to be very forgiving and understanding. You may feel a little saintlike. On the down side, the whole thing can find you carried away to the point of neglecting the realities of life. You might give all your possessions away. Who knows if that would be a good or a bad thing?

*Her Neptune in Your Twelfth House*

Angelina exercises a very powerful influence over you, one that could change your career. Here is someone who knows more about what you ought to be doing with your life and career than you do, and she is not afraid to let you know about it. From the first time you met, she probably jumped right into your business and started making suggestions -- and they were right on the money. The net result is that you may go through a major transformation as to what you do with your life through knowing her.

*Her Pluto in Your Tenth House*

## **Report for Brad Pitt**

### **Strengths in your relationship with Angelina Jolie**

You both have an understanding that she is a little different and likes her independence. This is not a problem. She brings some excitement and adventure to your life, and may be restless and on the go. She may introduce you to unusual friends and situations.

*Your Sun Sextile Her Uranus (orb: 02 56')*

Angelina may be one of your most valuable assets and have a great influence on your career and life direction. Through her support you may succeed in finding solutions to many a problem. You work well together and would make good partners.

*Your Sun Trine Her Jupiter (orb: 08 26')*

## **Report for Brad Pitt**

### **Challenges in your relationship with Angelina Jolie**

Your relationship can have all the humor of a "push me-pull you" comedy routine. It is surprising how the two of you manage to come up against each other time after time. If there is not an understanding of this tendency, it could end up with endless arguments and harsh feelings. It's amazing, with all the energy you both have, that you can't seem to come together very often.

*Your Mars Square Her Mars (orb: 00 41')*

She is critical of your ideas, and you may feel somewhat tongue-tied when you are around her. She may feel that you refuse to consider her problems or that you dismiss them with a few words.

*Your Mercury Opposition Her Saturn (orb: 01 17')*

A basic lack of communication, particularly regarding Angelina's career decisions. She tends to go against your way of thinking, or you refuse to talk about this subject with her. It may be difficult to communicate.

*Your Mercury Square Her Jupiter (orb: 01 19')*

There is this sense of the unromantic. She may feel that you don't value her ideals and don't support her dreams. You may find her unrealistic and may not appreciate "escapism" on her part.

*Your Venus Semisquare Her Neptune (orb: 01 52')*

You won't support what you feel are unrealistic notions and fantasies on her part. Her escapism does nothing for you. You feel she should learn to be more down to earth and practical. There can be much disappointment, and possibly deception, with this combination.

*Your Moon Semisquare Her Neptune (orb: 02 31')*

It's no secret that you and Angelina can have communication problems. You may find her lack of support for what you say and think unfair and hard to accept. Yet it is a two-way street -- often your thoughts and ideas rub her the wrong way too. They are contrary to the way she feels about things, and she finds it difficult to be encouraging at times.

*Your Mercury Square Her Moon (orb: 03 02')*

Heavy feelings and emotional drama will be a part of this relationship. You may feel that she refuses to support your life ambitions. You may find yourself hurting her feelings again and again. A stormy marriage.

*Your Mars Square Her Moon (orb: 03 03')*

Power struggles are likely, as well as harsh feelings. Your drive and ambition may tend to ignore her need for confrontation and analysis. You may refuse to face sensitive issues. This is a very emotional, and possibly explosive, relationship.

*Your Mars Square Her Pluto (orb: 03 30')*

She may not always think highly of you and is not afraid to let you know when this is the case. You may sometimes tend to discount what she says and squelch

communication. You don't always like what she thinks.

*Your Sun Opposition Her Mercury (orb: 03 32')*

This may never do. Neither of you are able or willing to give the other much credit. There is a lack of appreciation, and very little sense of shared values. You may not like the same things.

*Your Venus Opposition Her Venus (orb: 04 41')*

She may not appreciate your feelings and emotions, and may not like your moods. You may tend to ignore her values and ideals and take them too lightly. She senses that you may not support her sense of values. There could be a kind of cold war going on.

*Your Moon Opposition Her Venus (orb: 05 20')*

You may not appreciate her sense of independence, always having to do something different and unusual. You don't like surprises. It may go against your own set of values and thus be a cause for dissension.

*Your Venus Square Her Uranus (orb: 05 20')*

Angelina may feel that she doesn't have your support when it comes to matters of career and life direction. There may be hard feelings. You may find the decisions she makes upsetting to you emotionally. Her basic philosophy of life can sometimes be at odds with the way you are feeling.

*Your Moon Square Her Jupiter (orb: 05 24')*

Harsh words and arguments may not be uncommon. She tends to irritate and get pushy, with the result that you may get sharply critical and say more than you intended. Your analysis of her feelings may drive her a little crazy.

*Your Mercury Square Her Mars (orb: 05 24')*

You may find her somewhat repressive of your feelings. She manages to put a damper on you every time you get to feeling good and comfortable. There is no way you will support this side of her, and this could lead to a real standoff.

*Your Moon Opposition Her Saturn (orb: 05 26')*

Angelina's feelings of independence, and her unusual ways, tend to rub you the wrong way at times. You refuse to support her oddball ideas. She may find you restricting and unimaginative. There is definite disagreement here.

*Your Moon Square Her Uranus (orb: 05 58')*

Romance aside, this is not a good combination for any business relationship. You are not very appreciative of her decision-making, and you probably seldom take her advice when it comes to career decisions. She may persevere against your best wishes, with the result that she may tend to overdue, overspend, and get carried away.

*Your Venus Square Her Jupiter (orb: 06 03')*

She may have a tendency to throw cold water on your enthusiasms and hurt your feelings. You may not take her problems seriously enough to suit her, and she may tend to restrict your natural sense of love and appreciation. There is cold-war tension to this relationship.

*Your Venus Opposition Her Saturn (orb: 06 05')*

You may feel that her attempts to discipline you are ineffective at best. Throwing

cold water on your enthusiasms has never done much for you. You may delight in shattering her neat little universe from time to time. You feel repressed by her.

*Your Mars Opposition Her Saturn (orb: 07 22')*

Timing could be off between the two of you. Your drive and ambition fail to link up with her ideas of career and success. You may feel that she is not a good decision-maker and tends to squander your assets.

*Your Mars Square Her Jupiter (orb: 07 24')*

Push me; pull you. There is a tendency to end up feeling at odds with one another no matter what the issue. This could manifest in hard feelings and a lack of support on each of your parts. It is a no-win situation, and even a bit humorous.

*Your Moon Square Her Moon (orb: 09 45')*

## **The Players: The 10 Planets**

### **Part One: The Lead Roles**

#### **The Sun**

The Sun is the center of our solar system. It generously shares its radiance with the other planets. In Astrology, the Sun is the heart of the chart. It points to ways that your relationship needs to confidently shine. Keep the fires of your Sun burning brightly and proudly together. Love will follow. Happiness will fill your minds, bodies and souls. The Sun stands for ego needs, will power and creative vitality.

Forget your own Sun signs for the moment, Angelina and Brad.

Your shared Sun sign could be different than your individual Sun signs. Remember that we are talking about your combined Sun. It is the fusion of your two hearts.

#### **Sun in Pisces**

A Sign is a psychological process through which a planet operates. As a couple, being solarized through the sign Pisces gives your relationship a large dose of romanticism and idealism. The keyword phrase for Pisces in traditional astrology is "I believe." There can be unlimited faith in one another. You may intuitively understand each other. Both of you might easily encourage and appreciate the romantic sides of one another.

There can be an admiration shown for each other's beliefs. Sharing your highest ideals deepens your closeness. Creativity may leap out at you in this relationship! A shared love for aesthetics and nature scenes encourages intimacy. Supporting each other's dreams can build trust. Escape from the stresses of everyday life could be of importance to each of you.

There may be few walls separating your subconscious minds. Learn to enjoy each other's self-discoveries. A shared belief in intuitive forces can make both of you great watchers of life. There is the possibility each of you feels you have found your soul mate. Your meeting one another may have seemed magical or destined.

One or both of you may know certain events before they occur. Expressing your compassion and empathy teaches you to love each other.

Your paths may often dance together. There will be times when you will dance alone. Whether doing a solo performance, or operating as a duet, the emotional distance that separates you is not great.

Do not forget to talk to each other! Don't assume your partner can read your mind or mood. There can be false assumptions about each other. Clear communication blended with intuition can maintain balance.

Divine discontent may drive you to find excessive flaws in one another. Realize there are no perfect people. It is okay to question actions that hurt you. Keep criticism within reason. Avoid standards for self and each other that are impossible to reach.

You need not tip toe around one another. Be more direct than too passive in your communication. It will ensure putting your mutual dreams into motion. Talking gives each of you more of a sense of being grounded and focused. Dependency needs need to be balanced. Rejoice in the emotional and physical well being promoted by realistic expectations of each other. Denying issues or problems does not make them magically disappear. See your partner as a real person rather than an idealized version. Mixing some reality with idealism brings harmony.

Learn to share your highest values. Time spent together at romantic places fosters intimacy. Allowing each other to pursue individual paths makes being together that much more fulfilling.

Your creative vitality inspires a search for unity and peace. Working productively as a team gives you the confidence to face one challenge after another. You will not always understand your partner's world. Enjoy the happiness in watching each other grow. Celebrate those special shared milestones.

### **Sun in the Sixth House**

The two of you are not afraid to roll up your sleeves to get a job done. Working together can encourage a team spirit. Following through on your mutual plans brings trust. You tend to respect people able to put their ideals and ideas into practice. The two of you learn faster through practical experience, rather than by theory alone. You don't like to waste time or money--do you?

You can put your skills together into quite a resourceful package. You may teach one another ways to perfect talents. Don't be surprised if you lead your partner into new areas of expertise.

A shared sense of dedication to a cause or mission can deepen your relationship. Diet and health are probably areas of mutual concern. There might be interest in the healing arts, whether this is traditional or an alternative field. Exercising together might be a favorite pastime.

Don't compulsively focus on the imperfections you notice in each other, as this will be frustrating. It is important to stay away from over analyzing your relationship. You bring out an awareness for details in each other. Put this energy to constructive use.

Your business sense is great. You can offer each other good career advice. Exchanging ideas regarding work could be mutually beneficial. Show an eagerness to learn from each other.

You both can get too caught up in work. Serving different organizations can be rewarding. Make time to relax. Plan your romantic escapes to make sure they happen.

Your relationship thrives on being well organized. You like some routine to keep you from becoming scattered. Do something different on short notice to keep life exciting.

### **The Moon**

Countless song lyrics, poems and lofty dreams have been inspired through gazing at

the Moon. The Moon's sign and house position represents the intimacy and feelings you share with each other. Establishing a sense of security and a home are other lunar sides of life. The Moon symbolizes the imagination you share from your inner landscapes.

### **Moon in Pisces**

With your relationship lunarized through the sign Pisces, there are oceans of idealism. Your minds are linked by a continuous flow of creative symbols. Your ability to read the faces and moods of one another is exceptional. You might have felt drawn together by mysterious forces or circumstances.

Shared spiritual beliefs can foster intimacy. You look for unconditional emotional support from each other. Your subconscious energies can seem like they are merged. You may have to disengage from each other's presence at times to stay grounded. There is a natural scent of romantic love in your closeness. People might refer to you as a couple with no problems, though you will not always be inclined to agree.

There is strong individual and shared aesthetic appreciation and maybe ability associated with it. Creative expression could be a hallmark of your partnership. An intuitive grasp of the intangible is at your fingertips.

Dependency needs remain in balance with faith in each other's individuality. You can't save your partner from feeling pain or frustration. You can be there to listen and offer refreshing insights.

The home can be a place in which to escape for you both. The trickling of a flowing fountain or the beauty of colorful pictures captures your need to feel unity. Your tastes in art or music will probably be easily visible to visitors. Your residence can be a consciousness-raising experience for some people. It is where your shared dreams and visions swim freely and happily. Living near water can be satisfying.

Divine discontent can be irritating. Keep expectations for each other realistic. This makes for less tension. Avoiding responsibility or commitment will lead to emotional distance. Believe in your ability to talk openly about issues.

Let your imaginations guide you to dance creatively together. Embracing each other's highest ideals opens the door to mutual acceptance. Your faith in one another can be the confirming force that pushes you to new growth.

### **Moon in the Fifth House**

You can be very supportive of each other's creative needs. There is an urge to move forward with enthusiasm. Financial and property investments can bring lucrative returns. The two of you like to do things in a big way. Showering one another with gifts is delightful.

Your partnership may be highlighted with humor. Keep the romance alive through adventurous living. Playing it extremely safe does not fit this picture. There is a theatrical side to you both that sees the world as a place to act out your dreams. Go for it!

You are "show me" kinds of people that expect others to follow through on their

promises. Talk with no action behind it will not impress either of you. You would rather see somebody willing to take a risk than someone afraid to follow a hunch. There is pride in being together. Public recognition could come to either of you. Your relationship attracts attention. People in important positions will try to cultivate your support.

Your home is a dramatic representation of you both. It is a place from which you like to make a strong statement about yourselves. You can even be a bit lavish in buying possessions for your residence. You really need to be able to let your hair down at home. It is the springboard for much of your self-confidence. If you can afford to buy a getaway vacation place at the beach or in the mountains, you will probably do so.

A mutual determination to work through problems adds durability to your relationship. An appreciation for the individual right to be oneself is essential. Power struggles surface if you get too demanding. Sharing the spotlight keeps you from fighting for attention. It's nice to be told how important you are to one another.

Let your intuition lead you to rejoice in a lively romance. The birth of individual and joint creative ventures keeps your life spicy. Let one another experience feeling important in your own way and life together will be fulfilling.

### **The Ascendant**

We are taking a short intermission from the planets to introduce you to an additional key part of your relationship. The Ascendant or Rising Sign is the sign that starts the 1st house of the chart. The Ascendant is one of the twelve signs with a special role serving as an ambassador. It acts as a persona or mask for an individual or a relationship. The Ascendant is the personality through which we interact with the world.

The Ascendant is the way we appear to others. It is their first impressions of us. You meet someone and he or she seems to be confident, shy, talkative, cheerful, etc. The same can be said for a couple. The two people might seem theatrical, dreamy, or businesslike.

### **Ascendant in Libra**

People could see the two of you as diplomatic and outgoing types. Fairness through carefully weighing opposing viewpoints is a regular occurrence. A flair for dressing colorfully and in the right way for an occasion is typical of you. It is impressive how you manage to fulfill several social obligations and maintain a smooth way of interacting with others. You can feel like soul mates with a shared purpose. Entertainment tastes can be a particularly fun way of spending time together. You can help one another stay cool during all forms of emotional weather. Your calendar can get creative in making time for romantic atmospheres.

### **The Part of Fortune**

Your Sun, Moon and Ascendant can be combined or blended into a cosmic alchemy, known as the Part of Fortune. This is not a planet, but rather a reference point in the chart. The Arabian astrologers of the Middle Ages are given credit for its discovery. The Part of Fortune is said to show where we can expect to find good fortune and even luck. Do we really need to take a look at something from the long ago past, if it will serve as

nothing more than a relic to hang on the wall? A translation of this ancient symbol into modern terms makes this symbol worth investigating. Why? Because it can give clues to special paths that lead to harmony and a spirit of feeling united.

Think of the Part of Fortune as the potential corridor leading to Opportunity. It is a way to read the pulse rate of the partnership, indicating ways to reach a shared sense of fulfillment.

### **Part of Fortune in Leo**

Encourage each other to be creative. Your relationship can easily pave roads that bolster self-confidence. Show you are proud to be together. Play! Dance! Laugh! Taking a chance or two on a hunch can find you traveling adventurous highways. Life can be a shared joy of continuously falling in love. Your will power roars like a lion when you are truly engaged in passionate enterprises. The two of you experience good fortune through making courageous choices.

### **Part of Fortune in the Eleventh House**

The future is often the world you adore. Your shared goals can knock on the doors that open to greater fulfillment. It is your desire for uplifting experiences that makes life interesting together. Too much of the same routine will drive you to vigorously want to change the present. Group involvements might prove to be a joint interest. Your inventive thoughts elevate one another's minds to look for greater opportunity. The shock of sudden change may be the driving force that takes you onto bigger and greater things. Stay open to new ideas, as this is a key to growth.

## **Part Two: The Supporting Cast**

### **Mercury**

Are you curious about the way the two of you communicate? In this section are Mercury's sign and house placements, showing some of your favorite communication tendencies. Mercury is referred to as the winged messenger in mythology, a networker for the gods. This very mental heavenly body represents an important link between your minds. It shows how you interpret what the other is saying. Mercury is connected to Perception. Astrologers consider Mercury the ruler of the conscious mind.

### **Mercury in Aries**

Your mental energies move fast and furious. Assertiveness is not a hidden tendency. Your perceptions can be sharp though your actions might not always be well timed. There is an impatience to make things happen immediately. The two of you like people able to get to the point fast! There may be a swift decisiveness exhibited.

You don't mince words when it comes to talking to each other. Your communication

likely features a fast pace and is direct. One or both of you might sense that waiting to long to deal with a problem puts your nerves on edge. There is a desire to nip issues in the bud.

Putting your thoughts into action is an instinct. Try to reflect a little before embarking on major new challenges. It will be time saving to do so. You both need the individual freedom to express your leadership drives. An urge to satisfy your own unique curiosities about life is indicated. A perk in your being together is the stimulation of new thinking.

There will be times when you must just plain move through life spontaneously. It could be embarrassing to realize that with twenty-twenty hindsight you have the cart before the horse!

You need mental excitement to add spark to your partnership. New adventures keep your minds ready and alert.

Dull routines get you feeling down. You need to keep life interesting. Too many thoughts in the passing lane can lead to mental confusion. Slowing down the pace may be needed to keep you both on the same page. Listening does not come easy and will take practice.

Heated exchanges are bound to occur over sensitive topics. It's better when each of you gets a chance to talk; the exchange of insights and ideas deepens your connection.

### **Mercury in the Sixth House**

Your minds are inquisitive. You like to know why people think the way they do. There is a shared desire to trim excesses. You bring out the analytical side of one another. Your perceptions are often work or service-oriented. Self-improvement is a key interest. You both have a tendency to want to perfect your skills and abilities. You can work circles around others when you want to.

A regular focal point for your communication might be work and duties. Efficiency and organization could be easily preached to one another. Other pet subjects are probably diet and health. There is a desire to really understand each other's needs. Keep criticism to a minimum, and you will be happier.

## **Part Three: Planetary Aspects**

It's time now to mention another technical side of your report. (If you don't like technical explanations, skip right to the Aspect Interpretations). You have already been introduced to the ten planets. Certain planetary pairs in your chart have a special relationship to one another due to particular angular distances separating them, known as aspects. You could almost say the two planets in an aspect travel and interact together along the same circuit. The following aspect interpretations or descriptions will be listed under five types. Two are known as the soft aspects: the sextile (60 degrees) and trine (120 degrees). These two aspects generally point to more gentle themes found in your relationship. They indicate a lower voltage of electricity and produce less friction. The planets involved in a trine or sextile are more likely to be areas where you flow together without much effort.

The more hard or intense aspects are the conjunction (0 degrees), square (90 degrees) and opposition (180 degrees). They require our understanding and will point to key ways the two of you must communicate and negotiate. Planets that are part of an intense aspect will show how you energize one another. These higher voltage aspects don't mean you want to avoid them, but more so to develop a true understanding of how to use this energy constructively. "Soft" does not mean good and "intense" does not imply bad. It is often the more intense aspects that deepen the bond of a partnership. The interpretation of

any planetary aspect depends greatly on the symbolism of the two planets forming an aspect.

It might be helpful to keep some key words in mind for the aspects. The sextile is a promise of Excitement and Eagerness. The planets in this aspect give clues how your energies support one another. The trine is a special Harmony shown by two planets. There is often positive regard for one another that comes spontaneously. We expect good things to be delivered in the trine.

The conjunction is where two planets are joined at the hip. There is a Fusion or powerful blending of these two energies. The square can reveal where you will encounter Friction in your relationship. Pay special attention to these aspects, as they are opportunities for growth as much as discord. The opposition requires a Balancing act. It is similar to a seesaw. Each of you may find yourselves taking turns in acting out one planet or the other.

It might be helpful to refer to Parts One and Two to refresh your memory about the meaning of the Planets, Ascendant and Midheaven, as you read the aspects that follow. Remember that it is usually the more intense aspects that stretch us the most. The more positively you use these challenging planetary combinations the greater will be your understanding of each other.

Note that a planet might be involved in several different aspects. In other words, the planet is interfacing its energies with numerous other planets (or even with the Ascendant or Midheaven). A "heavily aspected planet" plays a key role in your relating to each other.
